Re: Customer Meter Reading Charge

Dear Alton;

Enclosed find a check in the sum of \$63.00 in payment for the meter readings for the past two months for customers of the South Anderson Water District residing within the corporate limits of the City of Lawrenceburg. This payment is being made under protest. In no respect shall this payment be construed as a waiver of any rights of the City of Lawrenceburg concerning this matter nor be deemed acquiescence to the twenty-five cents (\$.25) charge per customer being exacted by the South Anderson Water District.

Moreover, please be advised the Board of Council for the City of Lawrenceburg has authorized counsel to initiate an administrative proceeding before the Public Service Commission (PSC) for a ruling on the legality of this customer meter reading charge. A part of the remedy to be requested from the PSC will be an order directing the South Anderson Water District to refund not only the amount of the payment enclosed, but also any and all future sums paid for the customer meter readings pending resolution concerning this matter.

Sincerely,

Bobby Sparrow, Mayor
City of Lawrenceburg
